FLOORTEX™ solutions

chair mats and floor protection mats for the office, home and home office.

Original FLOORTEX™ Polycarbonate

NEW, SAFER PVC MATS • CADMIUM, LEAD & TIN FREE • FLOORTEX PHTHALATE FREE

DESIGNED, DEVELOPED & TESTED IN THE UK

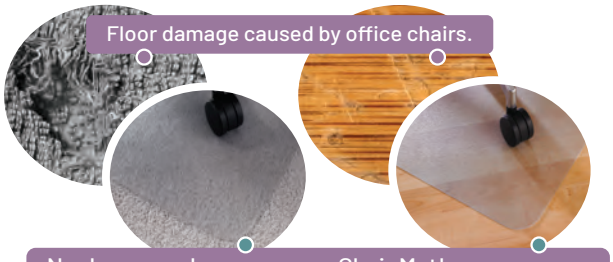
Whether in the office or in the home, a Chair Mat is the perfect protection and ergonomic solution.

Not just a mat, but a vital part of looking after you and your work space.

Protect your hard floors and carpets from the expensive damage, abrasion and wear that can be caused by office chairs.

Why do you need a Chair Mat?

For floor protection & improved ergonomics:



No damage when you use a Chair Mat!
Excellent ergonomics and easy-glide movement.

How to choose a Chair Mat

Check your surface:

Choose a gripper backed mat for Carpets or a smooth backed mat for Hard Floors.

All Floortex™ mats are manufactured utilising at least 45% renewable energy for a reduced carbon footprint.

Which material?

Floortex™ Phthalate Free PVC Vinyl

Excellent value combined with great floor saving and ergonomic performance.

- Available in two gauge options for Low Pile and Standard Pile carpets.
- Also available with the new and unique TrYlok™ multi-directional Gripper system.
- Homemat™ Mats and Homemat™ Multi-Purpose Mats are also manufactured in PVC.

Floortex™ Original Polycarbonate

The ultimate Chair Mat that provides premium protection, superior ergonomic performance, high clarity and outstanding durability.

- Our Floortex™ polycarbonate Chair Mats are produced from the same material that is used in the manufacture of bullet-resistant glass and aircraft windscreens!

What size or shape?

When deciding on the best size and shape of Chair Mat that you may need, it may help to consider the following:

- Your total floor space.
- The width of your workstation.
- The size of your chair base.
- Your 'Roll Area'.

Roll Area: How much area you cover when you roll to retrieve items or move around your work space.

Rectangular

Ideal for desks with desk mounted pedestals or without pedestals.
Provides a larger gliding area for maximum floor protection.

Keyhole

Ideal for desks with floor mounted pedestals.
Provides increased protection in the footwell.

Choose the best Floortex™ Chair Mat for your Carpet Floor.

Choosing the correct gripper backed mat for your Carpet Floor depends on your carpet type.

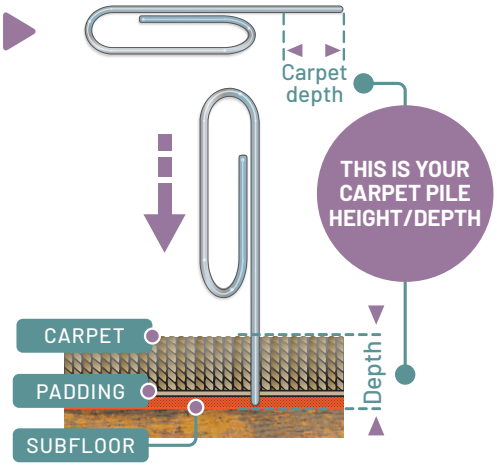
Selecting the correct mat for your particular carpet is important to ensure stability, durability, safety and the best ergonomic and protection performance.

Check your carpet pile height using the method explained below before selecting your mat.

Fold open a paperclip as shown opposite.

Push the paperclip through the carpet and padding until it meets the subfloor.

Measure the distance on the paperclip from the subfloor to the top of the carpet pile.



Your carpet pile height can be divided into three main categories:

LOW PILE	Up to 6mm
STANDARD PILE	Up to 9mm
DEEP PILE	Over 12mm

HARD FLOORS

Hard Floors like Wood, Laminate, Tiles, Concrete or Vinyl do not require a Gripper backed Chair Mat.

All Floortex™ Hard Floor mats are Smooth backed for the best performance on all types of Hard Floors.

Now choose the best Floortex™ Chair Mat to suit your needs!

Floortex™ PVC Chair Mats

Excellent value combined with great floor saving and ergonomic performance.

- Clear floor protection mats made from a PVC formulation that provides optimum performance and durability.
- 100% free of harmful DIDP Phthalate content for improved air quality.
- Available in smooth back for hard floors or gripper back for either low or standard pile carpets.

For Hard Floors

Product Code	Size	Shape
ACCMFLVS0001	90 x 121cm	Keyhole
ACCMFLVS0002	114 x 135cm	Keyhole

For Hard Floors

Floortex™ Polycarbonate Chair Mats

The ultimate Chair Mat that provides premium protection, superior ergonomic performance, high clarity and outstanding durability.

- Original Floortex™ Polycarbonate mats are the ultimate Chair Mat solution. Manufactured from the same material that is used in the production of aircraft windscreens and bullet-resistant glass!
- Perfectly rigid and flat, a polycarbonate mat provides the unbeatable combination of incredible ergonomic easy-glide performance and fantastic durability.
- Incredibly tough and durable with twice the impact strength of PVC.
- Compatible with under floor heating systems.
- Environmentally safe, free from Ortho-Phthalates, PVC and toxic chemicals. An ideal choice for people with allergies.

ACCMFLPS0002	116 x 150cm	Rectangular

For Hard Floors

Due to manufacturing tolerances, Chair Mat dimensions may vary slightly from the specified size.

Floortex™ TrYlok™ PVC Chair Mats

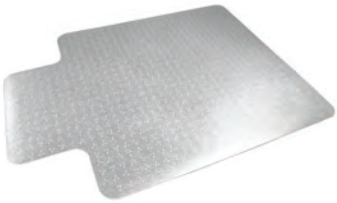
The new, innovative, safe and superior carpet friendly Chair Mat solution!

With up to 20% improved slide resistance compared to traditional spiked grippers, a TrYlok™ Chair Mat is the best and newest option for carpet floors.

Our new multi-directional TrYlok™ grippers are grouped and carefully orientated to provide incredible lateral resistance. They do not use a sharp spike to penetrate your carpet.

This innovative new design solution is much gentler to your carpet fibers and carpet construction - but has far superior multi-directional resistance for effective and improved stability.

- Provides maximum resistance to movement in any direction, for ultimate stability on low pile carpets.
- No sharp spikes and no split or broken grippers means TrYlok™ mats are easier to handle and move around, gentler on your hands and your carpets!
- Produced from a unique PVC formulation to provide optimum performance and durability.
- 100% free of harmful DIDP Phthalate content for improved air quality.



For Carpets

For Low Pile carpets

Product Code	Size	Shape
ACCMFLVT0001	90 x 120cm	Keyhole
ACCMFLVT0002	115 x 134cm	Keyhole

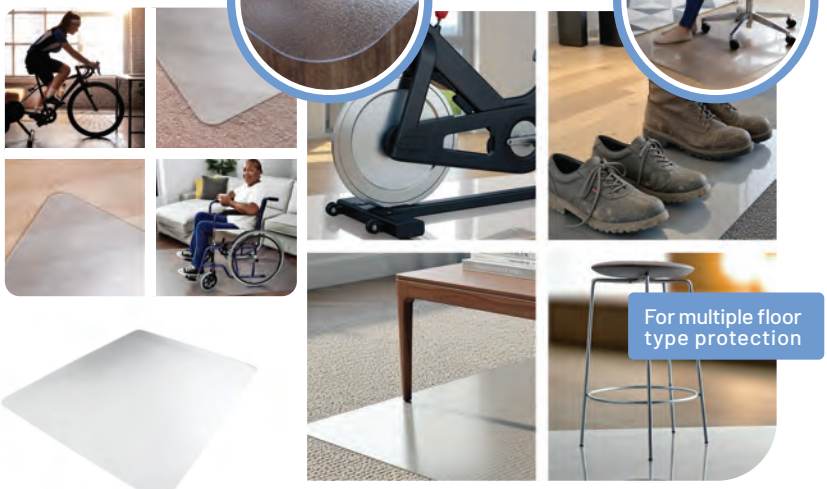
Floortex™ PVC Homemats™

Multi-use PVC mats for excellent and durable protection of flooring around your home, office or home office.

Available in Gripper backed format for Low Pile carpets and in Multi-Purpose Smooth backed format for general floor protection on all floor types.

- Free of phthalates, heavy metals and BPA for peace of mind when used around pets or children.
- Clear vinyl allows flooring to show through for maximum visual effect. Lightly textured anti-skid top surface.

For Carpets



For multiple floor type protection

Homemat™ for Low Pile carpets

Product Code	Size	Shape
ACCMFLVG0005	75 x 120cm	Rectangular

Homemat™ Multi-Purpose Floor Protection Mat
