

Converting Your Existing Desk to a Height Adjustable Desk

Before you set out converting your existing desk with an ACCORD Height Adjustable Frame, there are a few simple things to check if your desktop suitable.

Use the checklist below to ensure all is good and you are ready to go.

Straight Desk

- Desktop must be 1 piece – No joins
- Length between
 - Minimum 1200mm
 - Maximum 2400mm
- Width (depth) between:
 - Minimum 700mm
 - Maximum 1000mm
- Top Thickness
 - Minimum 25mm
 - Maximum 33mm
- Clearance around desk 20mm
- Not attached to any screens, walls, cabinets etc.

L-Shape Desk

- Desktop must be 1 piece – No joins
- Length of each side between
 - Minimum 1200mm
 - Maximum 2100mm
- Width (depth) between:
 - Minimum 700mm
 - Maximum 900mm
- Top Thickness
 - Minimum 25mm
 - Maximum 33mm
- Clearance around desk 20mm
- Not attached to any screens, walls, cabinets etc.

Outcome

If you have ticked every box for your type of desk, congratulations – your desk is suitable to be converted to an ACCORD Height Adjustable Desk.
