

Contour Universal ArmSupport

Complete your workstation

The Contour Universal ArmSupport was designed to maximise the comfort while working long hours by automatically putting you in a neutral, ergonomic posture that relaxes your shoulders and neck. Able to be used with virtually any RollerMouse or keyboard, the Universal ArmSupport is there to support you, no matter what.

Product Code

UNIVERSAL-AS

Increases comfort and reduces tension

Work efficiently and comfortably with the Contour Universal ArmSupport. Delivering support for your forearms and encouraging overall better posture, you can significantly reduce muscle tension in your neck, back, arms and wrists when incorporating the Contour Universal ArmSupport into your workstation.

Perfect for any desk

The Universal ArmSupport allows you to relieve approximately 7-9 kgs of strain on your shoulders and neck by resting your forearms, reducing tension and pain.

Fitting to almost all desk and table options, the Universal ArmSupport is a must-have accessory for those who want to feel neck and shoulder relief when working long hours.

Goes with anything

The Universal ArmSupport was designed to minimise added reach to your workstation, while providing maximum ergonomic benefits. Its low profile design allows it to be used in conjunction with any RollerMouse and almost any keyboard.

Easy to Install

Setup is a breeze with the Universal ArmSupport's patented clamping mechanism. It can be set up in under 5 minutes with absolutely no tools needed.

Key features

- Compatible with RollerMouse Red, RollerMouse Free, RollerMouse Pro and most keyboards
- Keeps wrists in a neutral position, reducing straining
- Cushioned supports reduces stress and strain on shoulders
- Easy to install
