

**Humanscale's QuickStand Eco** is the next generation in portable sit/stand products. Sleeker, easier to use and comprised of more sustainable materials than ever before, it is a vast improvement over the current generation of sit/stand options. This work surface is available in laptop, single or dual monitor configurations. QuickStand Eco features simple setup, portability and near effortless adjustability — transforming ordinary desktops into healthy, active workspaces.

## Advantages of QuickStand Eco — The Next Generation in Sit/Stand:

- Merges ergonomics with height-adjustable functionality
- Designed with minimal, clean aesthetic
- Made only with healthy, sustainable materials no formaldehyde or PVC
- Complements any space: home or corporate offices, collaborative or hot-desking spaces, check-in areas and more

## **Features**

- Main assembly holds up to 35 lbs.
- Designed to accommodate users of varying heights with 18" of work surface adjustment
- Effortless functionality encourages more movement and allows user to move from sitting to standing instantly
- o Minimal footprint allows for more use of the desktop area
- Self-locking mechanism provides ultimate stability and functionality
- Affordable workspace wellness solution that will blend into any environment
- Compatible with OfficeIQ Humanscale's innovative sit/stand alert software

## **Environmental Story**

Humanscale was the first company to have products that meet the stringent Living Product Challenge criteria and we are leading the industry in embracing Health Product Declarations. A Declare label is available for QuickStand Eco to clearly disclose all of its ingredients and encourage material transparency.
