

bEXACT - THE PRESTIGE
low back.

Finally, a chair where one size can fit all...

The Prestige.

Designed and manufactured in Melbourne Australia, the Prestige has been developed to meet the growing demands of the 'Agile Working Environment'.

Finally, a chair where one size can fit all...

An elite concept that marvels in both its aesthetics and functionality is what sets the Prestige apart from all others.

Available with a variety of control mechanisms, the Prestige features our unique and world-first adjustable posture support system. Sizes are available in Low, High & Extra High back models, and these can be modified with optional seat sizes and upgrades to suit the various shapes and needs of each user.

The Prestige presents with a bold, bordered upholstery detailing, that represents strength and leadership.
