

The EVO chair offers three distinct usage positions, allowing for hundreds of possible sitting postures. Designed to make changing postures easy and enjoyable, Evo encourages movement in a fun way, transforming the traditional seating experience.

By promoting frequent shifts in position, this chair helps users engage their bodies naturally, leading to healthier, more flexible sitting habits. With its innovative structure and playful approach to ergonomics, the EVO chair takes active seating to a new dimension.

Website

A quiet pause within the workday.

- Supports elbows and forearms in reverse sitting.
- Comfortable for reading, phone use, and casual browsing.
- Encourages a light, casual posture shift.

“Sit & Go”

The starting point of dynamic sitting.

- Standard working position.
- Comfortable support for daily tasks.
- A stable base for changing postures.

“Flip & Reading”

A balanced posture beyond traditional sitting.

- Knee support helps distribute sitting pressure.
- Helps maintain a more upright upper body.
- Promotes gentle core engagement.

“Flip & Meeting”

A small workspace for shared moments.

- Creates a personal mini tabletop.
- Supports light device use during meetings.
- Keeps conversation open and direct.

“Low & Kneeling”
