OSLO
MOBILE DESK

SYLEX
ergonomics

Measurements

Top size: 650mm W x 550mm D
Height Range: 700mm to 1150mm
Height Adjustment: Gas Lift
Base: 4 star with 2 lockable castors
Finish: White & Black base, frame & top

With an aesthetically clean line design the Oslo is an ideal way to create a flexible work space. It combines comfort and function making the desk suitable for multiple users, functions, environments and activities. The Oslo mobile desk is light in weight, with a pneumatic height adjustable system that is quickly released and secured with a single lever allowing the user to easily change postures from sit to stand. The easy glide castors located at the base permit a smooth movement between areas and rooms.
